**Liberty Fields is a small 10 acre
3rd generation family farm. We
make goat cheese from our
small herd of Nubian and
Saanen goats in a state licensed
facility, and have won awards at the American
Cheese Society competition, the largest
competition in the US. This year begins our foray
into beekeeping with 2 hives to start with. We
also have a portable sawmill, sell firewood,
provide logging and forestry consultant work,
and raise a few pigs.**
