

NOFA-NH Field Day Hidden Wonders Farm

The emphasis of this educational visit will be on raising and processing poultry.

More about Hidden Wonders Farm:

We milk a few cows, raise a few beef, hogs and sheep, raise and process over 1000 meat chickens, collect eggs from 100 layers, tend a quarter acre veggie garden, a half acre apple orchard, have a small, expanding wine vineyard, and additional fruits. We use our oxen for field and forest work, and making maple syrup. We keep bees and a small field of grains. We sell produce from our self-serve farm stand. At the end of a busy day on the farm we explore forest trails on horse back, swim in the farm pond or unwind in our own Nano-Brewery!

At our small family farm we respectfully and naturally enhance the vitality of our soils, plants and animals using practices from organics, naturopathics, herbalism, biodynamics, permaculture and other natural, traditional and life-enhancing methods.

**\$20 for NOFA Members,
\$25 for non-members
\$5 for Beginning Farmers.
Nobody will be turned away for inability to meet fee**

Date: June 21, 2:00 to 4:00 pm
